

FROM OUR STUDENTS...

"I love St. Joan of Arc School because it is fun!"
- *KINDERGARTEN STUDENT*

"SJA is the best because we have awesome teachers and nice kids." - *2ND GRADE STUDENT*

"I love SJA because there are cool teachers. My favorite subjects are Math, Spelling and Religion. I walk into school everyday and I smile!"
- *3RD GRADE STUDENT*

"I like SJA because the teachers are really nice, the classes are fun, the sports are fun and there are really nice classmates." - *4TH GRADE STUDENT*

"I like that the school teaches about religion and the Holy Family. My family loves that they do that."
- *5TH GRADE STUDENT*

"I like SJA because I'm very close with my classmates. I also like all of the class projects we do. We have many clubs to join and CYO Sports. Finally, my favorite part is that we do many things to worship God. I love our Blue Ribbon school."
- *6TH GRADE STUDENT*

"I like going to school at SJA because they teach us great things about our faith and minds. They teach us to get ready for high school by encouraging us to do our best, study and listen well. The teachers are nice as well as the kids." - *7TH GRADE STUDENT*

"I enjoy SJA because the teachers have a lot of one on one teaching time with you. You really get to know the teachers and your classmates."
- *8TH GRADE STUDENT*

FROM OUR PARENTS...

"When our family moved to Northeast Ohio, we knew that after only one visit to SJA, it was the right place for our children. We were warmly welcomed not only by the faculty but by the other families at the school. We know that our children are receiving an excellent education in an enriching spiritual environment at St. Joan of Arc School." - *Parent of 4th and 7th grade students*

"My husband and I thought it was important to have a Catholic education for our daughters. Even though the public school district we live in has good schools we felt that going to PSR and church once a week wouldn't be enough for us. Our experience at St Joan of Arc has been extremely positive. The tight-knit community has been very welcoming and we have felt like part of the family since my oldest child started school at St Joan in 1st grade. My girls come home singing hymns from church and talking about Jesus and the lessons they have learned in religion class. And for that experience, their Catholic education is priceless!"
- *Parents of 1st and 4th grade students*

"As the proud father of three daughters who graduated from SJA after nine years of kindergarten through 8th grade, and one son currently enrolled, I count their experiences at SJA as a true life blessing for them and for our entire family. Our oldest daughters and their classmate friends were confident and excellently prepared for challenging high school coursework at both public and private high schools, and now in college. Also, the strong faith foundation they received at SJA helped them grow securely through their teen years in today's world. Our Catholic School experience with the caring & dedicated faculty at SJA has given each of our four children a strong personal foundation of academics, faith and confidence."
- *Parent of 3 SJA graduates and a 6th grade student*

FROM OUR GRADUATES...

"St. Joan of Arc School prepared me academically for high school. Because of the academics at SJA, I was able to enroll and excel in Honors and Advanced Placement courses. Additionally, the faith foundation I received at SJA has helped me be the committed young Catholic I am today." - *STUDENT CLASS OF 2009*
