Dear Parent/Guardian:

Please access these two (2) links to provide information regarding bus transportation and emergency medical information for your child(ren).

Click on Form to access the [Intent to Ride form](#).

The Intent to Ride form will provide to us the necessary information for designing the bus routes for next school year. The second form is the Emergency Medical Authorization form which will provide your wishes for emergency medical treatment, any medical conditions, and emergency contacts if we are unable to reach you.

Please be certain to return the responses before June 15th so that all riders are included on the bus routes. Forms not returned by June 15, 2018 will convey to us that your child/children will not ride. Should you find that you need transportation after the submission deadline - transportation will be arranged after school begins and the routes can be reconstructed, which can take up to 2 weeks.

Postcards with bus number, bus stop, and time will be mailed after August 14th and before school begins.

Thank you in advance for your prompt response so that bus routes will be set up as accurately and efficiently as possible. Please contact us if you have any questions.

Sincerely,

Debbie Parker
Supervisor of Transportation
