

HOMework FOR

FIRST GRADE

Please **STOP** if your child's written homework exceeds 15 minutes in one night. Please write "reached 15 minutes" and do not complete the rest.

Monday = Math

Tuesday = Math

Wednesday = Reading

Thursday = Study for Spelling and Math tests

Friday = None

Every Friday we will have a Math Lab during school to review previous lessons, questions, and difficulties.

Study Spelling words throughout the week.

Study Math facts throughout the week.

Please encourage your child to read with the Superkids and Raz Kids apps or websites whenever they have free time.

On Line Access to Math Lessons and activities

To Access your math curriculum on line, follow the steps below:

1. Website: <https://www.pearsonrealize.com/community/home>
2. Log in: Username: First Name & Last Name
Password: First Initial & Last Initial

You will find on the startup page a series of questions for you to set up your home page. After your initial set up page you will then see the envision home page.

There are three circles: Programs, Classes, Grades.

Click on program. Click on the current topic. Each topic will have a list of all the lessons under that topic. You will find resources for each topic.

Click on classes. You will find assignments, enrichment, topic readiness, e text, active books, tools, game center. You have access to your child's homework and extra math practice worksheets.

Grades- You will not need to access this portal. I will not require assignments to be completed on line.

You can access all of the pages we will be using in class on this site. You will find a variety of activities too.
