This year's Parade will feature 13 homes across Northeast Ohio, stretching from Perry Village to Avon and south to Wadsworth. Attendees can explore a variety of homes, including two exclusive "Dusty Shoes" models under construction, providing a behind-the-scenes look at the building process.

"The Parade of Homes is more than just an open house—it's a celebration of the creativity and craftsmanship that defines our industry," said Andrew Gotlieb, 2025 President of the HBA. "We're proud to showcase the work of our members and to connect consumers directly with the professionals who can bring their dream homes to life."
