

## **Revere Busing for St. Hilary Students**

Bus transportation is provided to all St. Hilary students living in the Revere School District. There is one direct morning bus route (posted on [www.revereschools.org](http://www.revereschools.org)). Students not on this route will ride the morning elementary bus routes with the Revere students to Bath Elementary School and transfer to a bus that will transport students directly to St. Hilary School.

In the afternoon, there are two different options. One option is a bus that leaves St. Hilary and goes directly to the Revere High School parking lot for parent pick-up. The second option is that students can ride from St. Hilary to Hillcrest Elementary School where they will transfer buses and ride home with the Revere elementary students.

Bus routes, bus numbers, drivers, and pick-up times are also posted on the Revere website and will be updated before the start of the school year.

A transportation form must be completed before any student can ride a Revere bus. These forms can be completed online and are on the Revere website.
